Dear Mayor and City Council:

The Lincoln Place Heritage Association will hold the Lincoln Place Heritage Festival on September 19, 2015, from 11 a.m. to 5 p.m. at the Lincoln Place Community Center. For safety, we are requesting that the city block off Niedringhaus Avenue from Spruce Street to Maple Street. We anticipate that this measure will greatly facilitate our ability to safely accommodate the public at the Lincoln Place Heritage Festival. We will begin the Heritage Festival at 11 a.m. on September 19th and conclude cleanup by 9 p.m.

The purpose of the Heritage Festival is to highlight the historical and cultural heritage of Granite City's historic Lincoln Place neighborhood with ethnic foods and pastries, ethnic entertainment, and historical displays.

Arrangements also have been made with the Granite City Park District, and the Granite City Fire Department and Granite City Police Department have been notified of this event. Thank you for consideration of this request. Please notify me of your decision by mail sent to the address listed above or by phone at 618-451-2611. Thank you for your help in this matter.

COMMENTS BY THE CHAIRMAN

The Chair stated to the Petitioners, the Plan Commission is a recommending body to the City Council and the Council will make the final determination at their next Council meeting scheduled to be held on Tuesday, September 15, 2015.

COUNCIL REPORT

Council Chairman Dan McDowell reported that Gary Eberhardt, trustee of the Gary Eberhardt Revocable Trust Parcel: 22-1-20-03-00-000-001 to establish a Wetland Bank in an Agricultural District. Zoned A, Agricultural District went before the council and that council concurred with the board.

PETITIONER (1): Steve Willaredt for the
City of Granite City
3000 Dale
Parcel: 22-2-20-16-05-102-010

The Chair stated the petitioner is requesting to establish a Special Use Permit to allow the resident of 3000 Dale., a Native American, to have chickens “agaashiimin Maitous” which is important to his religious beliefs, in a residential zoned district. Zoned R-2.

Asst. City Attorney Laura Andrews spoke on behalf of Steve Willaredt for the City of Granite City. Mrs. Andrews stated anyone wanting to speak in favor of the petition will speak, then who is against the petition will be allowed to speak. The board then can ask questions. At the end of the Public Hearing Michael Woody Attorney Amanda Bradley (Verett) may speak.

Discussion for in favor of the petition: Martha Burich stated she is in favor for the petition in a residential area. There is nothing wrong with 4 or 5 chickens in a back yard. Chickens gives less waste, very clean and sanitary if you keep up with them. Coops can be keep very nice and clean. Most neighbors do not have any idea there are chickens if you do not have roosters, chickens can be very quite.

Guy Niere stated he is in favor for the petition. Mr. Niere is one of the organizers for the St. Louis back yard chicken meet up group. There are approximately 700 members. Mr. Niere teaches college at St Louis Community College and various green venues. Mr. Niere states in the United States out of 100 of the largest cities only 93 cities allow chickens. The poorest most destitute cities do not allow chickens. No evidence of noise, feces smell or chickens diminish property value. Small flocks fight infection and large flocks with 10,000 chickens cause infection. Depending on size of the chicken pens and how many chickens in a pen, if cleaned properly monthly or twice a year the chickens do not smell.

Laura Andrews I am also Assistant City Attorney for the City of Granite City stated this petition is for a special use and was file by the city in order to accommodate Mr. Woody’s religious beliefs. The creatures Mr. Woody has in his yard to him are sacred objects. The reason the city wants a special use permit to be granted to him is so it will carefully detail that what Mr. Woody has is sacred objects and not open the door for people who want chickens for non religious reasons.

Discussion for not in favor of the petition: Susan Vinson is concerned about the smell issues, salmonella that chickens carry and what is air quality when cleaning out the pens. They cannot open the windows due to smell and especially when cleaning the shed where the chickens are kept. They burn a lot of things, is that part of their religious beliefs. Susan tried looking up what “agaashiimin Maitous” meant and tried several American Natives web site and found no answer. Noise is not a problem.

Mark Davis’s concern was how often will the pens be cleaned and properly be taken care of to prevent the smell. Who would check to see if properly taken care of.

Jack Taylor’s concern was does the city have rules for these types of animals. Zoning code; states no farm animals allowed.

Mary Jo Akeman stated she tried to research name that was given and “agaashiimin Maitous” was like in upper Midwest and into Canada. Mary Jo researched on as many tribe and clans of tribe and variation of, because there all kinds of variation of what religion is on Indiana tribe or clans. Could not find anything at all on raising chickens.

Attorney Mrs. Bradley for Mr. Woody was concerned about time limit for the special use permit. Mrs. Bradley thought the permit was only good for 6 months. Mrs. Bradley had a copy of an ordinance Article 10.5 referring to building permits and not special use permit on time limit. Mrs. Bradley was told the special use permit shall expire with change of ownership or no longer having chickens at 3000 Dale.

Mrs. Bradley questioned why did Steve Willaredt Zoning Administrator file this petition for 3000 Dale, when Mr. Woody already has representation. Assistant City Attorney Laura Andrew stated this filing falls under Special use permit Article 10-210.

Motion. FAILED LACK OF MOTION.

Petitioner: (2) William Henke
2355 Pontoon Road
Parcel ID: 22-2-20-04-18-305-018

The Chair stated the request for intensification of a Special Use Permit (granted March 1, 2007) allowing the establishment of a Computer sales and repair business. Petitioner request is to intensify the Special Use Permit to include the retail sales of garden vegetables throughout the summer and early fall on the parking lot area of the computer business location.

William Henke introduced himself and stated his daughter and group of college students works at various farms and orchards growing produce. The college students would like to sell the produce at this address 2355 Pontoon Road because of its location. Mr. Henke feels this will help the college students to earn extra money for college.

Mark Davis concern was there has already been produce being sold at this location this summer. Steve Willaredt Zoning Administrator stated he allowed permits to sell the produce because he had the petition.

Shirley Howard's concern was the parking lot, does it have adequate parking spots while selling the produce on the parking lot.

MaryJo Akeman's concern was about need some restrictions that we do not have on the computer business.

John Janek's concern was will there be a covered area for selling produce. Is a business license required to sell non taxable items and are there any sales tax involved. If so, are the sales tax paid to the city or state. A fence needs to be placed on the back of the lot by the alley. The alley is used as a speed way and very well traveled.

Steve Willaredt, Zoning Administrator, concerns were they only selling fruits and vegetables, what days of the week, if weekends only, how many weekends, where will you dispose of the un-saleable produce, dumpster is it screened from public view, where does the produce come from and why not sell the produce from where you reside. Mr. Henke stated un-saleable produce will be taken back to Calhoun County where it came from. The un-saleable produce is used to feed the farm animals. Mr. Henke stated he will probably downsize from his dumpster to a green container.
